

DLC COATED THREAD RING GAGES AND PLUG GAGES

- The DLC coating has the following advantages:
 - High hardness, extremely wear resistance
 - Low friction coefficient
 - Corrosion resistance
- Plug gages: GO is coated, NO-GO is not
- Ring gages: GO is coated, NO-GO is not
- The following thread ring gages and plug gages are available with DLC coating
 - Metric thread ring gages and plug gages(4130, 4120 series)
 - Metric fine thread ring gages and plug gages(4139, 4129 series)
 - American standard thread ring gages and plug gages(4131, 4121 series)

DLC coating characteristics

Hardness	6000HV
Friction coefficient	0.15
Coating color	interference color

Code example

Original code	DLC coating code
4120-12	4120-12-DLC
4130-4	4130-4-DLC
